This file is not sourced from any real or official source. It is provided solely for representational and illustrative purposes.

This placeholder stands in for the published report while the real one is being collected and cleared for publication. It exists so that the download control on the Data & Insights page has a file to open.

The published edition will carry, for every figure: the source, the year, the method, and the date it was last updated.

Nothing in this file should be read as a statement of Nigerian policy, or as reported investment, capacity or programme outcomes.
